Mechanical Engineer,
P.Eng, EBK, MIEK-11 Years
Experience

Caleph Kipkoech,
Project Mechanical Engineer,
G.Eng-11 Years Experience

Pauline Mwamisha,
Project Mechanical
Engineer,
G.Eng-4 Years Experience

Daniel Matheka
Project Electrical Engineer,
G.Eng-14 Years Experience

Peter Kamau Gikonyo
Project Electrical Engineer,
RGen-9 Years Experience

Eng. Martín K. Ngigi
Project Manager and
Electrical Engineer,
P.Eng, EBK, MIEK-8 Years
Experience

HVAC

PLUMBING AND DRAINAGE

FIRE SUPPRESSION

POWER, LIGHTING AND
ICT

Services

We have extensive experience in all the MEP Engineering consultancy Services in the Built Environment. These include Design and Construction Supervision of the following elements; HVAC Installations, Plumbing and Drainage Installations, Fire Detection, Alarm and Suppression Installations, Power Supply and Lighting Installations and ICT Infrastructure Installations.

Headquarter and Resources

Loadline Engineering Services Headquarter is housed in Loadline House located off Peponi road, Westlands Nairobi Kenya.

The office is in a modern building and comprising over 300 m² of built up area on a 1-acre plot located in the serene, quiet and environmentally friendly up-market Westlands area of Nairobi City. The premises are of modular design to facilitate ease of expansion as the business may demand and is equipped with modern communications facilities together with an adequately sized standby generator to ensure a continuous power supply should mains power fail.

The office facilities include modern desk top computers, laptop computers, black / white and color printing /plotting and document binding facilities.
